Dear Friend,

Discover the joy of support helping students get a good education with Friendship Association Education Assistance

In 1986, the Nigerian Friendship Association (NigFA), a non-profit organization, was formed by Nigerian students and professionals. In 1996, we established the Friendship Association Education Assistance, Inc. (FAEA), a non-profit 501(c)(3) organization with the goal of operating exclusively for charitable and educational purposes.

FAEA has created a compelling legacy of success in addressing the educational needs of children in North America and in Africa for 26 years by providing children with school supplies, mentorships, and scholarships, as well as funding of materials for school renovations, furniture and equipment, and science laboratories. We are able to fund these projects in part through our annual events and financial contributions from NigFA members and FAEA supporters.

This year we seek your help in reaching our \$25,000 goal! This will allow us to provide educational tools to schools in Washington D.C. and Maryland.

How to Get Involved in Supporting Teachers and the Education Needs of Students

We are grateful for the efforts of the NigFA community and we are proud of the work we are doing in the United States and in Nigeria. Please join us in continuing the great work at the schools we support by providing a financial contribution, sharing this letter with friends, or serving as an activist in your workplace by raising awareness and funds.
